The Popular Taste.—Somebody suggests that "Champagne Charlie" is the nost popular air, at present, in this city. It is whistled by every sniffling urchin, sung by every gay chanteuse, hummed by everybody else, played to death on every hand-organ, and resurrected and resurrected. organ, and resurrected and re-murdered on every piano, violin, flute, banjo, harp and guitar in the metropolis. What an odd thing is popularity! For "Champagne Charlie" is really a coarse, common-place, vulgar song, without a trace of genius in it; and the music, apart from the vivacity of its chorus, is destitute of either grace or melody.

[New York Sunday Times.

A dissertation on tenement houses, recently published by Dr. W. P. Thomas, gives some valuable information on an important subject. It is believed that there are 20,000 tene-ment houses in New York, which contain, on an average, four families to each story, with five persons to each family, each person having about fifteen square feet of ground area, and 480 cubic feet of air—1,000 which feets of the control of the co cubic feet of air being absolutely necessary for the health of each individual.

What is this Medicine Called "The Queen's Delight?"

WHY, it is the most extraordinary invention as a remedy for curing disease and restoring health we have ever been called upon to record. It is a new vegetable combination, possessing in a single product the new principles for healing the sick and restoring the health. It purifies the fountain of life—the blood—and as the life of the flesh is pure blood, so impurity must be disease and death to the body. It is a tonic bitters, and may be given in all cases of weak digestion, loss of appetite, dyspepsia, debility, depressed mind and body, weariness of limbs. It is an invigorant; it infuses new life to the blood, by removing the humors and impurities which check the healthful circulation. It is a stimulant; it gives activity to the nervous fluids, and invigorates the organs of life. It is the only medicine yet discovered that comes up to the true standard of merit and worth, and secures to the invalid and the diseased the greatest of all blessings—health. THE WEEKLY GLEANER.

A LARGE EIGHT-PAGE JOURNAL OF NEWS, POLITICS, LITERATURE

An excellent Paper for Country Reading. ITS POLITICS DEMOCRATIC

IN THE GREAT FIGHT

AGAINST RADICAL USURPATION. TO THE PEOPLE OF THE SOUTH. THE WEEKLY GLEANER—Devoted to

the rehabilitation of the South in its former prosperity—is offered to subscribers at the low rate of \$1.50 for six months. The annals of the American Republic show no political campaign comparable in the magnitude of its issues and the mo-mentousness of its results to that for the

Presidency, now pending. Indeed, the very life of free government is on trial, and it will be a sad commentary on the capacity of the people for the exercise of that high trust if they, the jurors who are to try the issue, pronounce a verdict of self-condemnation. If the South has any hope it is in the success of the Democratic party in the coming Presidential election; and every citizen is vitally interested in the progress of the battle, and cannot afford to be without a sound and reliable newspaper.

As an organ, not only of sound Democratic principles, but as a vehicle of general news, the GLEANER is confidently commended to Southern support. A large eight-page paper, of forty-eight columns, filled with the contributions of able correspondents, the daily wealth of telegraphic communication and readable editorials. Especially will it be valuable as an organ to disabuse the Northern mind of the falsehoods in relation to Southern thought and actions, with which it is the industrious vocation of certain parties to poison the springs of Northern feeling on Southern subjects. In this view of the matter, no more valuable aid to the true reconstruction of the country and restoration of just sentiment at the North toward the South can be rendered than by subscribing to the WEEKLY GLEANER and sending it to acquaintances and friends in

the Northern States. We ask the aid of such of our political comrades as shall see this prospectus, in the distribution of the paper; especially during the progress of the impending

The WEEKLY GLEANER is published every Wednesday morning, and mailed to single subscribers at \$3.00 per anum; Six Months, \$1.50; Three Months, 75c.; Single Copies, 10c. Sample copies will be sent on receipt of address. Money for subscription should be sent in drafts or post office orders, but may be sent in a registered letter.
